

TECHNICAL BULLETIN 278

Use of ASTM F1960 fittings with MUNICIPEX®

Product: MUNICIPEX® water service pipe and ASTM F1960 fittings
Date: 01 November 2023

REHAU MUNICIPEX water service pipe is certified to the requirements of the AWWA C904 standard. In addition, the AWWA C904 standard recognizes the ASTM F1960 cold expansion fitting system for use with PEXa pipe in water service applications.

REHAU sells an ASTM F1960 fitting system branded REHAU F1960 cold expansion fitting system. The REHAU F1960 cold expansion fitting system consists of ASTM F1960 cold expansion fittings in polymer and lead-free brass, and PEX reinforcing rings that can be used directly with MUNICIPEX water service pipe.

There are also ASTM F1960 fitting systems in the market not sold by REHAU, that can be recognized for use with MUNICIPEX water service pipe. When used with these fitting systems, the REHAU *MUNICIPEX Limited Warranty* will remain valid as described therein. The REHAU *MUNICIPEX Limited Warranty* does not apply to fittings or connections supplied by others.

REHAU does not continuously monitor, or track changes of products not sold by REHAU. Any changes may affect product performance and compatibility with REHAU products. It is the responsibility of the product specifier and installer to confirm these products are appropriately applied, installed, and tested according to the manufacturer's current installation instructions.

REHAU cannot warrant products it does not sell, even if they are connected to, used with, or associated in any way with MUNICIPEX water service pipe.
