

# HSE Coordinator

## Plant Blaenau Ffestiniog

The REHAU Group is a unique and diverse family of eight strong Subgroups consisting of REHAU Interior Solutions, REHAU Building Solutions, REHAU Window Solutions, REHAU Automotive, REHAU Industrial Solutions, REHAU New Ventures, the Meraxis Group, RAUMEDIC and the services division REHAU Global Business Services. Each focuses on the specific needs of their target groups with their individual competencies. This industry- and trade-specific focus enables each of the companies to lead in their respective markets and, at the same time, to complement each other within the REHAU Group to successfully engineer progress and enhance lives together. More than 20,000 employees at 190 locations worldwide apply their expertise and innovative capabilities to ensure the continuous growth of our independent privately-held company. REHAU is the place to build a career, so why not join our team and contact us today!

### Your role:

Based at the Plant in Blaenau Ffestiniog, North Wales, UK, this full-time role will report directly to the Plant Director. Main tasks will include:

- Supporting the Plant Blaenau HSE Coordinator and overseeing HSE standards across REHAU UK & Eire sites;
- Regular site visits across the UK;
- Ensuring that all Health and Safety standards and procedures are correct and aligned with UK \ Republic of Ireland legislation and REHAU Group requirements, with a focus on promoting a positive HSE culture;
- Conduct regular documented inspections across all sites;
- Collate and analyse audit, inspection, accident, incident and near miss data along with other key HSE performance data;
- Assisting in the development and monitoring of safe systems of work, risk assessments and other key HSE documentation.

### Your profile:

The ideal candidate will have:

- An advanced knowledge of overarching Health, Safety and Environmental legislation with a willingness to research industry best practice and innovative ways of working towards compliance with that legislation;
- NEBOSH National General Certificate or equivalent;
- IEMA Certificate in Environmental Management or equivalent;
- A great attitude towards teamwork and continuous improvement;
- Passionate about health and safety;
- Excellent IT and communication skills;
- Strong Knowledge of ISO45001 and ISO14001 standards;
- Understanding of ISO50001 standard;
- Experience of a manufacturing type environment;
- Full driving licence & own vehicle;
- Where required training will be provided.
