Do's

Clean regularly:

Use a soft damp cloth for regular cleaning. For tougher spots, a mild soap solution is effective.

Wipe spills immediately:

Quickly cleanup any spills to prevent staining

Protecting Surface:

be sure not to remove the protective film until work has been completed

Don'ts

Avoid abrasive cleaners:

Never use cleaning products containing alcohol, solvents, acetone, or glass cleaner as this will only damage the surface

Keep away from heat:

Avoid connection of hot items directly on/to the laminate and keep it away from direct heat sources.

Avoid prolonged sunlight:

Do not expose the laminate to prolonged direct sunlight to prevent fading or warping.

You can ensure that riviera laminate remains in excellent and durable condition for years to come.
