Power of sources: RAUVISIO crystal Strong

Nature is a strong source of energy. It invigorates and grounds us. It is full of energy and diversity. At times powerful and impressive like granite or marble, at times warm and soothing like wood – the Strong Collection brings the outside inside. With an original appearance, the tactile characteristics of the Strong Collection contrasts with the smooth surface of the glass laminate. The combination of materials enables unique processing and application options. Used on large surfaces, it provides rooms with a firm footing and creates an organic aesthetic. The matt or glossy surfaces of RAUVISIO crystal Strong produce unique depth effects.

Sustainability guaranteed

Our RAUVISIO crystal products fulfil PEFC criteria for a sustainable supply chain for forest products.

So easy to work with:

- Can be processed with wood-working tools
- 50% lighter than real glass
- 10x less brittle than real glass
- 20% less waste compared to real glass

And great for your customers too:

- Highly scratch-resistant
- Soft touch, anti-fingerprint finish on matt surfaces
- Easy to clean
- Can be marked with whiteboard markers (high-gloss surfaces) or chalk (matt surfaces)

Strong Collection
